The General Head Quarters (GHQ) of the Armed Forces of the UAE decided to upgrade the Medical Services and Health Care Capability of its Armed Forces. The upgrade covers Zayed Military hospital as well as 6 other hospitals and medical centres.

PROJECT GOAL AND SCOPE

- Life & Fire Safety Assessment of Zayed, Al Ain, Al Hamra, Manama, Sharjah, Al Jazira and Sweihan Hospitals.
- Preparation of site wide Fire Safety Master Plan.
- Action Plan for upgrading all the exiting life & fire safety systems.
- Preparation of an Emergency Response Plan, Fire Preparedness plans and Evacuation drawings.

BUSINESS NEEDS

- Create and operate a comprehensive health care to maintain and support the UAE Armed Forces.
- Upgrade hospital facilities to comply with NFPA and JCAHO.
- Accreditation by JCAHO (Joint Commission on the Accreditation of Healthcare Organizations).

BUSINESS BENEFITS

- Attain regional & international recognition as a JCAHO accredited health care facility.
